

## ***Declare your Independence from the Insurance Industry***

On June 25<sup>th</sup>, HCAN and their partners mobilized thousands of people in our Capitol to demand quality, affordable health care for all. We told our Senators and Representatives that we can't wait any longer for reform that will lower health care costs, offer the choice of a public health insurance option, and keep the insurance industry honest.

- Coverage we can afford;
- Comprehensive benefits we can count on;
- Choice of a private or public health insurance plan; and
- Equal access to quality care
